Dear Eddi,

I hope this email finds you well.

For security reasons, please provide a video verification.

It has to be taken with the front camera, in selfie mode. Hold your phone in one hand and an identity document with paper, on which you'll write the current date, your full name, the name of our site, and your username.

In the video, kindly pronounce the written information in English.

Have a great day!

—

Best Regards,
Melania
